The key for SUMLEV is as follows:

050 = County and/or Statistical Equivalent

The key for the YEAR variable is as follows:

- 1 = 4/1/2010 Census population
- 2 = 4/1/2010 population estimates base
- 3 = 7/1/2010 population estimate
- 4 = 7/1/2011 population estimate
- 5 = 7/1/2012 population estimate
- 6 = 7/1/2013 population estimate
- 7 = 7/1/2014 population estimate
- 8 = 7/1/2015 population estimate

The key for AGEGRP is as follows:

- 0 = Total
- 1 = Age 0 to 4 years
- 2 = Age 5 to 9 years

- 3 = Age 10 to 14 years
- 4 = Age 15 to 19 years
- 5 = Age 20 to 24 years
- 6 = Age 25 to 29 years
- 7 = Age 30 to 34 years
- 8 = Age 35 to 39 years
- 9 = Age 40 to 44 years
- 10 = Age 45 to 49 years
- 11 = Age 50 to 54 years
- 12 = Age 55 to 59 years
- 13 = Age 60 to 64 years
- 14 = Age 65 to 69 years
- 15 = Age 70 to 74 years
- 16 = Age 75 to 79 years
- 17 = Age 80 to 84 years
- 18 = Age 85 years or older

Note: "In combination" means in combination with one or more other races. The sum of the five race groups adds to more than the total population because individuals may report more than one race. The estimates are based on the 2010 Census and reflect changes to the April 1, 2010 population due to the Count Question Resolution program and geographic program revisions. Hispanic origin is considered an ethnicity, not a race. Hispanics may be of any race. Responses of "Some Other Race" from the 2010 Census are modified. This results in differences between the population for specific race categories shown for the 2010 Census population in this file versus those in the original 2010 Census data. For more information, see <http://www.census.gov/popest/data/historical/files/MRSF-01-US1.pdf>. For population estimates methodology statements, see <http://www.census.gov/popest/methodology/index.html>.

The 6,222 people in Bedford city, Virginia, which was an independent city as of the 2010 Census, are not included in the April 1, 2010 Census enumerated population presented in the county estimates. In July 2013, the legal status of Bedford changed from a city to a town and it became dependent within (or part of) Bedford County, Virginia. This population of Bedford town is now included in the April 1, 2010 estimates base and all July 1 estimates for Bedford County. Because it is no longer an independent city, Bedford town is not listed in this table. As a result, the sum of the April 1, 2010 census values for Virginia counties and independent cities does not equal the 2010 Census count for Virginia, and the sum of April 1, 2010 census values for all counties and independent cities in the United States does not equal the 2010 Census count for the United States. Substantial geographic changes to counties can be found on the Census Bureau website at <http://www.census.gov/geo/reference/county-changes.html>.
